Here is the Bible explained in one paragraph:
God and His law are perfect but we are not, so there's a gap between God's perfect law and our imperfect obedience. That gap is called "sin," and God mandated the penalty of death for sin (Romans 6:23). So you may be a good person compared to other people, but in God's system of justice, we are all death row inmates. That's the bad news. The good news is that God loves us and wanted to save us. But because God is just, He couldn't simply turn a blind eye to our sins, as that would have been unjust. So what did God do to both save us AND uphold His just penalty of death for our sins? The Bible says that some →

... 2,000 years ago, He came to earth, became a man while remaining fully God (John 1:1 & 14), lived a sinless life (2 Corinthians 5:21) and then died on the cross to pay the death penalty due for our sins, then rose from the dead 3 days later to prove that He is God. The Bible says that if we (1) believe Jesus is our Creator God (Colossians 1:16) who so loves us that He gave His own life to save us; and (2) repent (make a U-turn away) from our sins and obey Jesus's commandments in the Bible to prove that our claim of believing in Jesus as our Savior and Lord is genuine, then after we die, we will spend eternity in heaven with Him instead of in hell. → **BibleVerseStudy.com**.
